IMPORTANT NOTICE.

the people of moderate means to adorn their homes with the choicest art works. As an introductory example of the quality and style of work which will be produced by us, we will take pleasure in forwarding to any applicant a Complimentary Copy Free of the first edition of art work produced by us in America.

Visitors to the Dore Gallery, London, will remember the superb painting, occu-pying nearly an entire side of the splendid gallery, entitled

## "Christ Leaving the Prætorium."

Of this magnificent painting—the most important of Dore's works—a pure line steel engraving has just been completed in Engscription, and the price is £6, or about \$30. It is absolutely impossible to secure a copy at a less price, except through this offer. The engraving represents the Savior as he is leaving the Prætorium, after being condemned to crucifixion. He is descending the steps leading from the judgment court. executioners, in charge of the cross which the Savior is to bear. On the right are the followers and believers of Christ, with fainting attendant. In the rear and on the left are the judges and zooffers, surround-ing Pontius Pilate, who are looking with ree complacency on their work. The central figure is that of Christ, as he uncomplaingly descends the steps to take up the cross and bear it to the scene of his

The work in this portion of the engraving is more perfect and beautiful than we had supposed could ever be executed. The expressions of the faces, the grouping of the figures, and the careful attention to detail in the drapery and accessories of the picture, are all carried out in perfection and with consumate skill. There is a very large number of figures in the work, and all are depicted with life-like faithfulness. It stands to-day unquestionably

The Finest and Most Valuable Engraving in the World.

The engraving of the plate cost upward of \$30,000, and no copies from it are sold at a less price than \$30, which, with duties and shipping added, brings the cost to American purchasers to about \$40 per

It is a correct reproduction of the English plate, which sells at \$30 per copy, many of which have been purchased by a number of Americans at that price who subscribed for it through the English house. The American edition will be furnished in the same size and with the same attention to perfect work as characterizes the \$30 copies.

The object of this extraordinary offer is to bring our enterprise into immediate recognition in this country, so that when

The object of this extraordinary offer is to bring our enterprise into immediate recognition in this country, so that when we announce future works, the public will have had an opportunity to judge of the quality and beauty of the art work produced by the American Art Exchange.

Until the first edition is exhausted, we will ship a perfect copy of the engraving "Christ Leaving the Protorium" to any applicant. The engraving (which is a very large one) will be put up in a heavy tube, and sent by mail. The only charge will be the cost of tubing and postage, which will be 10 three-cent stamps. It was at first thought 20 cents would be sufficient for this charge, but from frequent breaking of the tubes in the mail bags it was decided to increase the thickness and strength of the tubes (thus making them heavier) so that they could not be broken except in case of an accident. This necessitated an increase of charges for this purpose to 30 cents or 10 three-cent stamps.

On receipt of application we will immediately yealds in Consumption and other cleases or three-cent stamps.

On receipt of application we will immediately forward this superb engraving to any address in the United States, all charges prepaid, when 10 three-cent stamps are enclosed in letter to cover postage and tube. At any time within one year we will take back the engraving and allow a credit of \$3 for it in payment for any works issued by us.

Two or more copies, each for a different person, but to the same address, can be forwarded at the cost of 21 cts. each, as one tube can be used for several copies. Not more than five copies will be sent to any one address for distribution, and the name of each member of the club must be sent.

Ingular relief, I was induced to try a bottle of your skilling relief, I was induced to try a bottle of your skilling relief, I was induced to try a bottle of your to say that one bottle of it completely cured me. I recommend it as the only valuable and certain cure for kidney troubles I have ever seen. I would add that before taking your medicine I had become so weak that I was about to give up work. Hoping that others who have suffered like myself may be so fertunate as to try your valuable medicine, truly yours,

The McMain.
